Give your style and space the alluring magic of a fairytale forest with KOKET's Enchanted collection that features enthralling and modern designs with entrancing brass elements.

The collection, composed of charming case goods and upholstery, allows you to add a touch of posh fantasy to any room. The round dining table's pale wooden top resembles the amazing trunks of the magnificent forest trees, complimented by the hand casted antique gilded branches of the base. The simple and chic dining chair is upholstered in a lux midnight black velvet with a lace of the gilded branches and delicate flower buds overtop; the contrast giving the chair a sophisticated pop of life.

About KOKET

Love Happened over a simple sketch of a chair in a New York City Lounge over cocktails. As the grace of the pen took to the paper the desire to possess and create other pieces with the same empowerment became euphoric.

KOKET is devotion to the seduction of the exquisite and to the provocation of love. Highly influenced by the decorative arts, fashion, flora and fauna, forms and decorative techniques from the glamorous eras reappear in the most sophisticated versions of contemporary trends. KOKET brings empowering style to a highly edited unique collection of furniture, passing on a sense of entitlement, exclusivity and prestige.

LOVE HAPPENS

For the living room, think luxury French countryside with the modern sofa and stylish side table. The plush black velvet of the sofa is hugged by a stunning aged brass structure mimicking the captivating design of tree branches with blooming buds. This same captivating design creates the base of the side table, topped with a glossy, round ebony veneer top; a smaller, sleeker version of its dining table cousin.

KOKET allows anything in this whimsical collection to be customized, from the impressive wooden table tops to the finish of the branches to the upholstery fabric.

Your personalized enchanted forest awaits.
