GOLD FINISHES

Luxurious golden finishes and touches add a richness and glamour like the sultry light from the last golden rays of Fall sun. Daring design meets a new meaning of luxury with polished gold finishes sure to catch your eye.

KOKET's newest addition to the Guilty Pleasures collection is the Reptilian Table Lamp. Lavish and wild, the lamp's cylindrical body is opulently wrapped in sumptuous black crocodile print leather while two seductively silent, golden hand-carved crocodiles curve around the base.

Guilt Mirror is the perfect representation of the daring and luxurious spirit of KOKET. The mirror's exclusive design of two types of textured hammered metal forming an elaborate sunburst, coated in a gleaming golden finish adds a new kind of light to home interiors.

The Nymph Chandelier embraces the wild side of the elegant and beautiful butterfly that so gracefully bejewels the lighting fixture. Delicate brass butterflies hover in the air in perfect harmony composing an overblown dramatic silhouette, which gives shape to a luxurious golden chandelier.

EXOTIC PATTERNS

KOKET's lavish fabric collection is anything but an ordinary selection of fabrics. Supple python print leather, ripples of chartreuse satin, embossed cobra leather, and reptile print velvet are among the exotic patterns that can cover any KOKET pieces your heart desires.

The exquisite and so fashionable reptile pattern gains a new meaning when combined with the exclusive design of KOKET pieces. This pattern has conquered the runaways and collections of the top fashion designers worldwide, and KOKET found the perfect way to adapt this erotic pattern into interior design to bring glamour and exoticism to home interiors.

The French Cabaret inspired Burlesque Console is already a stunning statement piece, however its glamour is taken to new, wild heights when covered in a cobra embossed jet black velvet. Combined with the gleaming, golden hoops of the base, this console becomes as unforgettable as a fall fling.

The charming Incanto Bar Stool gets a bite of verve when wrapped in a dark python print leather, unleashing its inner wild child.
