## 折五角花灯 PENTAGON

Brand: CLAUDIO COLUCCI DESIGN

采用光金属薄片材料，将几何形状、线条与花瓣折叠等元素完美融合。

The dodecahedral sheet metal design makes the lamp appear very precise and geometric, the intricacies within each pentagon are intended to resemble a folding flower.

## GEM Table Lamp

Brand: KOKET

金属包裹着宝石的灯座十分抓人眼球，整个灯座仿若一幅抽象的图。

The attractive gemstone is the focal point of the piece, and adds a splash of opulence colour that stands out in contrast against the polished brass base.

## Clothoid A & Table Lamp

Brand: IXISM 易玺

受益于高科技，同一个系列中每个灯只需微小形式参数，便可有独一无二的造型特征，而于生产成本的影响却是微乎其微。

Thanks to digital manufacturing technology, small alterations to the rate of curve mean that each piece can be made slightly different with minimal impact on manufacturing costs.
